Quick Installation Guide

I-Series Android All-In-One

Revision A P/N E214477

Remove the left side cable cover by lifting upward

The system must be connected to a network for software setup. Connect an Ethernet cable now or setup WiFi in step 5. Note the device serial number for use in step 6.

4

Connect the power cable. The system will power on automatically when plugged in. A tie-wrap can be used to secure the power cable from accidental removal.

The device is now ready to mount in your environment. A selection of desk, shelf, and wall mount options is available at www.elotouch.com

5

After powering on the I-Series Display, the Network screen on the control panel will appear if no wired connection is found. Set up your wireless network. Note: The control panel can be opened any time by pressing the HOME and POWER keys simultaneously, and typing in a password. The default password

CIO VIEW	Dashboard Devices
Devices (7)	Add Device 🗵
Device Name	Serial Number
Enter Name	Enter Number
+ Add Another Device	Done

To add your device to your EloView account, go to the EloView web portal at manage.eloview.com. After logging in, go to the 'Devices' page, then click the 'add device' button. Enter the device serial number and a name for the device. Click 'done'. Your device is now linked to your EloView account and will play the assigned content in safe kiosk mode. You can also pre-set your devices in your account. Visit www.eloview.com for details.
