## ALWAYS A STEP AHEAD WITH YEARS OF UPDATES

Stay protected from threats with 5 years of monthly security updates while enjoying new features with Android OS upgrades through 2029.

## PHONE, PC, AND TABLET UNIFIED

Smart Connect<sup>3</sup> brings together phone, tablet, and PC experiences for secure connectivity and enhanced productivity.

## PROVEN THINK QUALITY AND DURABILITY

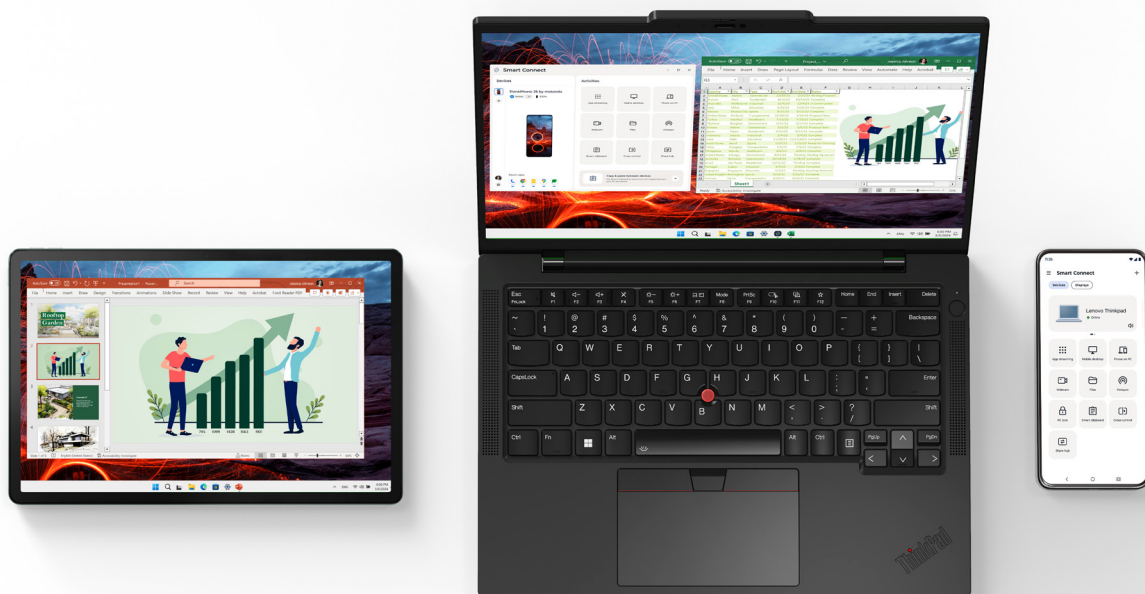

Keep your investment safe with IP68 underwater protection<sup>1</sup>, ultra-strong Aramid fiber, durable glass and military standard<sup>2</sup> durability.

## ALL-DAY BATTERY IN 11 MINUTES OF CHARGING

Fuel up all your mobile devices with a single TurboPower™ 68W charger, providing power for the day in just 11 minutes.<sup>6</sup>

## EFFORTLESS INTEGRATION, ENDLESS POSSIBILITIES

Make the most of your smartphone, tablet, and Windows PC with Smart Connect.<sup>3</sup> Start your work on one device and finish it on any other, ensuring you get the job done wherever you are.

### WIRELESS. SEAMLESS. PRICELESS.

There's no need to pair devices every time. ThinkPhone,<sup>25</sup> tablet, and PC<sup>3</sup> automatically recognize each other for a seamless experience.

### ONE MOUSE AND KEYBOARD. MULTIPLE DEVICES.

Effortlessly navigate between your phone, tablet, and PC<sup>3</sup> using just one keyboard and mouse. Experience smooth cursor movement across devices for seamless control.

### SHARING IS A SNAP.

Transfer files or images between your ThinkPhone,<sup>25</sup> tablet, and your PC<sup>3</sup> using the simplest, most intuitive way ever invented. Just drag and drop.

### NOTIFICATIONS, ALL TOGETHER NOW.

Phone notifications instantly appear in the Windows Action center, so you can answer a call or reply to messages right from your PC.<sup>3</sup> Choose which notifications you want to receive, so you can focus on what's important.

### STREAM APPS TO YOUR PC

Run apps from your ThinkPhone<sup>25</sup> on a Windows PC. Use Android apps more naturally and intuitively on the big screen, so you get right to the good stuff.

### LOOK SHARP.

Use the advanced 50MP camera on ThinkPhone<sup>25</sup> as a high-quality PC<sup>3</sup> webcam. You can even use the ultra-wide camera to fit more in the frame, with advanced subject tracking to ensure you stay in it. With ThinkPhone,<sup>25</sup> you always look your best on camera, no matter where you are.

## Business Edition Package

Our Business Edition Package includes one year of essential ThinkShield security and management solutions. Access features like Zero Touch Enrollment, Moto Device Manager, Moto Safe, Moto Software Control, and a Clean OS Experience all with one subscription. The Business Edition Package also offers Moto CO2 Offset and comes with a three-year warranty, ensuring comprehensive coverage and support for your business needs.

## Performance

**CPU** MediaTek Dimensity 7300 (4nm)

Certain features, services and applications are network dependent and may not be available in all areas; additional terms, conditions and/or charges may apply. Contact your service provider for details. Use of this device is subject to the terms of your wireless service plan. This product meets applicable Radio Frequency Emission Exposure Guidelines. Accessories individually labeled. MOTOROLA, the Stylized M Logo, MOTO and the MOTO family of marks are trademarks of Motorola Trademark Holdings, LLC. All other trademarks are the property of their respective owners. © 2024 Motorola Mobility LLC. ThinkPhone25 by Motorola is designed and manufactured by/for Motorola Mobility LLC, a wholly owned subsidiary of Lenovo. [1] IP68 Underwater Protection Water, splash and dust resistance were tested to IP68 standards under controlled laboratory conditions. Withstands immersion in up to 1.5 meters of fresh water for up to 30 minutes. Exposure tIP68o conditions beyond this rating are not covered by warranty. Resistance will decrease as a result of normal wear. Not designed to work while submerged underwater. Do not expose to pressurized water, or liquids other than fresh water. Do not attempt to charge a wet phone. Not waterproof. [2] Design & Build Quality: military standards for durability Certified as MIL-STD-810H by SGS. This device passed testing against the U.S. Department of Defense's MIL-STD-810H standard, which establishes a methodology for testing products against environmental stresses under controlled laboratory conditions. Such testing is not a guarantee of future performance under these test conditions. Abuse, like that contained in MIL-STD 810H testing, is not covered under Motorola's standard warranty. [3] Smart Connect: PC & Tablet Integration Smart Connect is available on selected smartphones, tablets, and on Windows 10 and 11. Visit the FAQ page for a full list of device and software compatibility. Requires PC app download. PC and mobile device to connect wirelessly must share the same Wi-Fi AP (access point) OR must be connected via USB-C cord. [4] 5G Available with 5G service plan and 5G network coverage; available only in select areas. See carrier for details. [5] Storage Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity; may change with software updates. [6] Charging: Power for the Day In 11 Minutes Requires Motorola TurboPower™ 68W Charger; sold separately. Median users can get up to 12 hours of battery life in 11 minutes of charge. Battery must be substantially depleted; charge boost must be "on"; charging rate slows as charging progresses. [7] Gorilla Glass 7i: 2x performance against drops and scratches. Performance of Gorilla® Glass 7i is based on lab tests under controlled conditions. Actual performance may vary based on specific use, environmental conditions, and other factors. While Gorilla® Glass 7i is designed to enhance durability and provide improved resistance to drops and scratches compared to competitive lithium aluminosilicate glass, it is not indestructible and may still suffer damage under certain conditions. Users should exercise caution and avoid subjecting their devices to unnecessary risk. [8] - WIFI / WIFI 6E Availability varies by country; see service provider for details; requires compatible router (sold separately) and data plan. [9] Ram Boost RAM Boost extended RAM requires use of phone's internal storage as virtual memory, decreasing storage capacity; available user storage is less while in use. 8GB model: 8GB physical RAM + up to 8GB RAM Boost (4GB Default | 8GB Max). Available RAM is less due to operating system, software and other functions; may change with software updates. Features vary by market. [10] NFC NFC-supported payment terminal and app required. Requires fingerprint authorization for purchase. [11] Display: 120Hz variable refresh rate Actual refresh rate may be less and will vary based on app/content limitations and requirements, device mode settings, and other factors. [12] Camera: 32x more focusing with instant all-pixel focus (Omni-dir. PDAF) As compared to traditional phase detection auto focus. Camera: Low light photos up to 15x faster As compared to Motorola Edge 40 average of 3.9s Auto Night Vision capture speeds against ThinkPhone by Motorola average of 0.25s Auto Night Vision capture speeds.
