

Meditouch LS01

**Waterproof.
Optical.
With Touchpad.**

The hygienic MediTouch LS01 - Laser Mouse provides a maximum precision on nearly every surface. It was developed specifically for medical and industrial areas and offers a comfortable handling due to the touch-scroll-function. The surface of the Baaske MediTouch LS01 Mouse is completely closed and the construction without interspaces fulfills the most stringent hygienic demands. This allows a quick and easy cleaning and also prevents the ingress of fluids or dust according to IP 68.

Benefits:

- › Fully sealed
- › Free of interspaces
- › Ergonomic Design
- › Water and dust-proof (IP68)
- › Comfortable touch-scroll-function
- › Laser sensor for maximum precision on nearly every surface
