

Safety Data Sheet

HAND GEL ANTI VIRUS PROTECTION

1. Identification of the mixture: Manufacturer and distributor identification

1.1. Identification of the product: HAND GEL ANTI VIRUS PROTECTION

**1.2. Relevant identified uses of the substance and uses advised against
LIQUID SOAP**

1.3. Details of the supplier of the safety data sheet:

Producer: Deal Food sp. Z o.o., 60-702 Poznań, Ul. Głogowska 31/33, Polska

Person responsible for the product: Szymon Kędziora; szymon.dealfood@gmail.com

1.4. Emergency Phone Number

+48 604 209 200

Card date: 27.02.2020 r.

2. Hazards identification

The preparation is not classified as dangerous according to the Act of 11 January 2001 on chemical substances and preparations (Journal of Laws No. 11, item 84)

The product contains:

<15% anionic and nonionic surfactants.

3. Composition / information of ingredients

3.1. Substance:

does not concern.

Classification of substances covered by the product according to tables 3.1 and 3.2 in composition VI to European Parliament Directive (EC) No 1272/2008 (GHS regulations) with ATP provisions 30 and 31 to 67/548 / EEC and on data supplied by the producer.

Safety Data Sheet

HAND GEL ANTI VIRUS PROTECTION

3.2. Mixtures:

Name of the dangerous substance	Concentration range	CAS Number	Index number	WE Number	Danger symbols
Ethanol; ethanol	<5 %	64-17-5	603-002-00-5	200-578-6	F: R11

4. First aid measures

Contact with eyes: Wash thoroughly with water

5. Fire-fighting measures

Non-flammable liquid. Extinguish fires in the presence of the preparation with extinguishing agents suitable for burning materials.

6. Procedure in case of unintended release into the environment

Secure the sumps. If it is possible to eliminate the leak - close the liquid supply, seal, place damaged packaging in protective packaging. Rinse contaminated surface thoroughly with water

7. Product handling and storage

The use of the preparation does not require special precautions.
The product should be stored in closed commercial packaging at a temperature of 5-40°C, in dry rooms

8. Exposure controls and personal protection

They are not required.

Safety Data Sheet

HAND GEL ANTI VIRUS PROTECTION

9. Physical and chemical properties

Appearance:	Transparent liquid
Water solubility:	Unlimited.
Solubility in others:	It dissolves in polar solvents.
Relative density at 20°C:	1,03 g/cm ₃
Flash-point:	Undefined.
Combustibility:	Non-flammable liquid.
PH of a 1% aqueous solution:	around 7-9

10. Stability and reactivity

The preparation is stable at 5-40 ° C.

11. Toxicological information

It does not pose a threat to health.

12. Ecological information

It does not pose a threat to the environment.

13. Disposal considerations

The product is best used completely. Empty packaging can be stored in containers for collecting plastic packaging.

14. Transport information

The product is not subject to the provisions of ADR.

15. Information on legal provisions

National regulations

Act of 11 January 2001 on chemical substances and preparations (Journal of Laws No. 11, item 84 as amended); Regulation of the Minister of Health of 3 July 2002 on the list of dangerous substances together with their classification and labeling (Journal of Laws No. 129, item 1110);

Safety Data Sheet

HAND GEL ANTI VIRUS PROTECTION

Regulation of the Minister of Health of 3 July 2002 on the safety data sheet for a dangerous substance and a dangerous preparation (Journal of Laws No. 140, item 1171); Regulation of the Minister of Health of September 2, 2003 on the criteria and method of classification of chemical substances and preparations (Journal of Laws No. 171, item 1666); Regulation of the Minister of Health of September 2, 2003 on the labeling of packaging of hazardous substances and dangerous preparations (Journal of Laws No. 173, item 1679); Regulation of the Minister of Health of August 14, 2002 on the obligation to provide a safety data sheet for certain preparations not classified as hazardous (Journal of Laws No. 142, item 1194); Regulation of the Minister of Labor and Social Policy of November 29, 2002 regarding the highest permissible concentrations and intensities of substances harmful to health in the work environment (Journal of Laws No. 217, item 1833); Regulation of the Minister of Health and Social Welfare of 11 September 1996 on carcinogens and the supervision of the state of health of employees professionally exposed to these factors (Journal of Laws No. 121, item 571, as amended by Journal of Laws of 2003, No. 36, item 314); Regulation of the Minister of Health and Social Welfare of July 9, 1996 regarding tests and measurements of factors harmful to health in the work environment (Journal of Laws No. 86 of 1996, item 394, as amended Journal of Laws of 2003, No. 21, item 180); Regulation of the Minister of Health and Social Welfare of 30 May 1996 on conducting medical examinations of employees, the scope of preventive healthcare for employees and medical certificates issued for the purposes provided for in the Labor Code (Journal of Laws No. 69, item 332); Regulation of the Minister of Health of April 5, 2001.

Amending the Regulation on the conduct of medical examinations of employees, the scope of preventive healthcare for employees and medical certificates issued for the purposes provided for in the Labor Code (Journal of Laws No. 37, item 451); Ordinance of the Ministers of Transport and Maritime Economy of 15 June 1999 on the carriage of dangerous goods by road (DzU No. 57, item 608, as amended DzU No. 14, item 141); Act of 28 October 2002 on the carriage of dangerous goods by road (Journal of Laws No. 199, item 1671); Regulation of the Minister of Communication of 6 October 1987 on the list of dangerous goods excluded from transport by rail and specific conditions for the carriage of dangerous goods authorized for transport (Journal of Laws No. 32, item 169); Act of 27 April 2001 on waste (Journal of Laws No. 62, item 628); Regulation of the Minister of the Environment of 27 September 2001 regarding the waste catalog (Journal of Laws No. 112, item 1206); Act of May 11, 2001 on packaging and packaging waste (Journal of Laws No. 63, item 638); Regulation of the Minister of Environmental Protection, Natural Resources and Forestry of November 5, 1991 on the classification of waters and the conditions to be met by sewage discharged into waters or into the ground (Journal of Laws No. 116, item 503); Ordinance of the Minister of Infrastructure of July 20, 2002 on the manner of implementing the obligations of industrial wastewater suppliers and the conditions for introducing wastewater into sewage systems (DzU No. 129, item 1108); Regulation of the Minister of the Environment of June 6, 2002 on permissible levels of certain substances in the air, alert levels of certain substances in the air and tolerance margins for permissible levels of certain substances (Journal of Laws No. 87, item 796).

European Community regulations

European Union Directive 67/548 / EEC as amended together with amendment 28.

16. Other Information.

All data is based on the current state of our knowledge. The card was developed on the basis of data obtained from the manufacturer. The recipients of our product must take into account existing legal provisions and other regulations.
