

Product Safety Information

Magnetic pockets ORGATEX, with magnetic strip

Manufacturer/Responsible Person: ORGATEX GmbH, Albert-Einstein-Straße 19, 40764 Langenfeld, Deutschland

E-Mail: info@orgatex.com

Please note the technical data of the products!

Article Numbers: 56237, 56236, 56235, 56234, 56233, 56232, 56231, 56230, 56225, 56224, 56802, 56223, 56222, 56221, 56220, 56219, 56218, 56217, 56216, 56597, 56215, 56588, 56587, 56584, 56583, 56214, 56568, 56567, 56564, 56563, 56560, 56559, 56026, 56025, 56024, 56023, 56022, 56021, 56020, 56019, 56014, 56013, 56012, 56011, 56010, 56009, 56008, 56007, 56006, 56005, 56004, 56003

Safety Instructions:

- Not suitable for children under 3 years of age as it contains small parts that may cause a choking hazard.
- Make sure that the magnetic pockets are not placed near electronic devices or electronic health devices (e.g. pacemakers) to avoid interference.
- Avoid contact with water and damp environments to ensure the adhesive force of the magnet.
- Only use the magnetic pockets on stable, clean and smooth, ferrous surfaces to prevent them from slipping or falling.
- Not suitable for use in environments with high temperatures or direct sunlight to avoid material damage and loss of adhesion.
- Permanent magnetic strips can cause injuries, so be careful when handling them.
- Before use, make sure that the magnetic pockets are undamaged to ensure secure adhesion.
- Keep away from children to avoid swallowing the magnetic strip.
- Not suitable for use in damp conditions as this could impair the holding force.
- The magnetic pockets are designed for mounting on ferrous surfaces; not intended for other materials.
- Check product safety regularly and look out for possible signs of wear.
- Avoid contact with magnetic materials to prevent possible injury.
- Before use, ensure that the surface is suitable and has no sharp edges to minimise safety risks.
