Article Numbers: 34185, 34172

Safety Instructions:

- The drip tray is not suitable for storing food.
- When storing flammable liquids, the appropriate safety precautions must be taken, such as compliance with the relevant fire protection regulations.
- Ensure that the tray is standing on a stable, level surface to prevent it from tipping over.
- Use only for highly water-polluting substances in accordance with the applicable regulations.
- Dispose of the tank in accordance with local regulations for hazardous waste.
- Use only in well ventilated areas.
- The maximum permissible surface load of 800 kg must not be exceeded.
- Avoid contact with hazardous chemicals during storage; wear protective clothing when handling such substances.
- Sump trays should be checked regularly for damage and cracks to ensure that they can continue to work properly.
