Safety Instructions:

- The Multiplex worktop is not suitable for children due to its design. Ensure that children do not have access to this product, as sharp edges can occur if the product is damaged.
- Avoid contact with water to prevent possible deformation or damage to the material. Products should not be stored in damp conditions or in the vicinity of hot appliances to prevent warping of the wood.
- Ensure that the threaded sleeves are properly installed to prevent injuries caused by falling or unstable structures. If used incorrectly, the threaded sleeves can cause dangerous injuries.
- Careful assembly required to ensure stability and prevent tipping.
- Only use the worktop for its intended purpose in accordance with the manufacturer's instructions.
