Article Numbers: 19857, 19856, 19855

Safety Instructions:

- Ensure that the wall coat rack is mounted stably and securely on the wall to prevent it from tipping over or falling.
- Not suitable for use by children; risk of injury due to improper use.
- Use suitable fixing materials that are suitable for the weight of the coat rack and the type of wall. Structural wall brackets are recommended.
- Regularly check the fixings to ensure that they do not become loose over time.
- The wall coat rack should not be used near heat sources or in areas with high humidity to avoid damage and corrosion.
- All sharp edges must be checked before use to prevent injuries.
- Check surfaces for damage to avoid material failure.
- All accessories and fastening elements must be checked carefully to ensure that they function properly.
