Safety Instructions:

- Ensure that the wall coat rack is mounted stably to prevent it from tipping over or falling down.
- Small parts such as hooks and others that can come loose pose a choking hazard and should be kept away from small children.
- Prevent children from getting caught on the hooks or injuring themselves.
- When attaching heavy objects, pay attention to the load-bearing capacity of the coat rack.
- The product may have sharp edges. Take care when handling and attaching the product.
- Use by children only under adult supervision.
- The wall coat rack should not be installed near heat sources or in direct sunlight to avoid deformation of the material.
- There is a risk of injury if assembly errors are made, therefore follow all assembly instructions exactly.
- Manufacturer must provide contact information for queries.
