E-Mail: info@rollcart.de

Please note the technical data of the products!

Article Numbers: 97313, 97312

Safety Instructions:

- Ensure that the product complies with the general safety requirements in accordance with Article 5 of the General Product Safety Regulation.
- Do not use the shelf trolley beyond the maximum load capacity of 150 kg to avoid possible damage or accidents.
- Ensure that the shelf trolley is used on a stable and level surface to minimise the risk of it tipping over.
- Only trained personnel should use the mobile floor trolley in order to avoid injuries.
- Make sure that the wheel locks are properly activated before the product is loaded or unloaded to prevent it from rolling away.
- Pay attention to driving noise during use and keep a safe distance.
- Check swivel and fixed castors for proper function before use.
- Observe protective clothing and safety standards during use.
