Safety Instructions:

- Ensure that the installation is carried out in accordance with the recommendations in order to guarantee the stability of the suspended parker.
- Warning that children should be kept away from the product as there is a risk of choking on small parts.
- Check the condition of the suspension hook regularly and replace it if it is damaged to avoid the risk of falling.
- The materials used are corrosion-resistant, but regular maintenance is recommended to maintain functionality.
- The installation height should not exceed 2000 mm to ensure safety and accessibility.
