Please note the technical data of the products!

Article Numbers: 29890, 29889, 29888, 29867, 29866, 29865

Safety Instructions:

- Make sure that the magnetic board is securely attached to the wall and check the fixings regularly to prevent it from falling and causing injury.
- Use suitable mounting materials according to the weight and size of the panel and check its integrity before mounting.
- Use strong fixings that comply with safety standards to prevent the magnetic board from detaching.
- Avoid contact with magnets near electronic devices or credit cards to prevent possible interference or damage.
- Keep the magnetic board away from small children, especially as it may contain small parts that are not suitable for children under 3 years of age (choking hazard).
- To avoid damage, do not work on the magnetic board with sharp objects or in extreme temperatures.
- The edges of the magnetic board can be sharp; handle with care to avoid injury.
- The stainless steel surface can become hot in direct sunlight; be careful when touching it.
