Article Numbers: 24260, 24250, 24246, 24244, 24242, 24240

Safety Instructions:

- The product is intended for use by adults only.
- Children should only handle the product under adult supervision.
- Ensure that the key cabinet is mounted on a stable wall to prevent accidents and tipping over.
- Check for a stable surface before wall mounting.
- The key cabinet is intended for wall mounting; ensure that it is installed correctly.
- The product may fall down if not installed correctly.
- Avoid overloading the key cabinet beyond the specified capacity to prevent it from breaking or warping.
- Before use, ensure that all doors are properly locked.
- Users should take care not to force the doors during use to avoid damage.
- Do not use force when opening the key cabinet to prevent damage.
- Keep the key cabinet out of the reach of children to prevent improper use.
- If used incorrectly, there is a risk of injury from crushing body parts.
- Not intended for outdoor use to avoid corrosion.
- Read the instructions for installation and use carefully before using the key cabinet.
- If the key or lock is damaged, stop using the cabinet and consult a specialist.
- The key cabinet is fitted with a cylinder lock; if the keys are lost, have the lock changed immediately.
- Ensure that the hook rails are correctly and securely fitted to prevent keys from falling off.
- Keep the key cabinet away from heat sources, moisture and aggressive chemicals to prevent corrosion.
- Check the locks regularly to ensure that they are in good working order to prevent unauthorised access.
- Do not store any flammable or resinous materials in the key cabinet.
- Do not use the keys for other devices or purposes.
