Article Numbers: 65016, 65015, 124529

Safety Instructions:

- Ensure that the standing cabinet for first aid is childproof to prevent injuries.
- Caution: If used incorrectly, sharp edges of the sheet metal cabinet can cause injuries.
- Regularly check the contents to ensure that the first aid materials are complete and intact.
- Ensure that the cabinet is installed in a dry place without direct sunlight to protect the material. Not approved for outdoor use; protect from moisture and direct sunlight.
- Need to read and understand the instructions for using the first aid kit.
- Caution: Contains small parts that may pose a choking hazard.
- The use of electrical components poses a risk of electric shock if used improperly.
- Suitable for adults and children; supervision of children is recommended.
- Keep the cabinet out of the reach of children. Set up securely to prevent it from tipping over.
- Improper use can lead to injuries. Please follow the instructions.
- If the cabinet is damaged, take it out of operation immediately and contact the manufacturer.
- This product is not suitable for direct contact with food.
