## Safety Instructions:

- Adhesive film may stick to skin or clothing; avoid contact with skin and eyes.
- In the event of skin contact with adhesive, remove the affected area immediately with soap and water.
- Keep product away from fire and heat sources; do not store above 60 °C to maintain adhesive properties.
- Packaging materials and small parts pose a choking hazard; not suitable for children under 3 years of age and keep away from small children.
- The tape can be dangerous if used improperly; use it only as specified.
- Do not tear off the roll to avoid injury from sharp edges.
