Safety Instructions:

- Ensure that the drawer is not overloaded and avoid excessive loading to prevent it from tipping over or being damaged.
- Avoid contact with water and moisture to prevent damage to the drawer.
- Only use the drawer for its intended purpose and not for unforeseen applications.
- Exercise caution when removing items from the drawer to avoid injury.
- Take care when using the drawer to avoid the risk of crushing.
- Before installation, make sure that all parts are intact and undamaged.
- To avoid injury or damage, do not overload the product or use it improperly.
- Read the operating instructions carefully before use.
- Keep the product out of the reach of children.
- When using the product, make sure that it is stable and safe.
- If the product is damaged, stop using it immediately and dispose of it.
