Safety Instructions:

- Ensure that the transport box is properly locked to prevent accidents and unauthorised access.
- Always place the transport box on a stable, level surface and avoid improper use to prevent it from tipping over and causing damage.
- Check locks and lever clamps regularly to ensure that they are working properly to keep contents secure.
- Do not use in water and protect from direct sunlight or extreme temperatures to avoid material damage and deformation.
- Use the transport box for its intended purpose, not for dangerous or live goods.
- Keep out of the reach of children to avoid danger from small parts and improper use.
- Do not overload or use improperly to prevent structural damage.
- Include safety instructions and user manuals for safe handling.
