Safety Instructions:

- Use only under adult supervision.
- Not suitable for children under 3 years of age as it may contain small parts that pose a choking hazard.
- Improper use may result in injury.
- Please keep the manufacturer's information for safety and warranty information.
- Before use, ensure that the products are used as intended.
- The safety instructions on the product or packaging must be clearly and unambiguously stated in understandable language.
- Check the product regularly for signs of damage or wear in order to avoid safety risks.
- Take care not to overload the folder to avoid mechanical damage.
- Keep the folder away from moisture and direct sunlight to prevent material damage.
- Use suitable writing instruments for the spine label to avoid damaging the viewing pocket.
- Make sure that the stapler is used on a stable surface to prevent it from tipping over.
- Please ensure that the product is not used near water.
- Keep out of reach of children.
- The product does not contain any harmful substances, but should be disposed of properly.
- The product is not suitable for children under 3 years of age.
- Avoid contact with liquids to prevent damage.
- The product is not designed to be played with or used as a toy.
- Intended for stationary use. Ensure that the folder is stable and secure.
