Article Numbers: 133439, 133440, 98303, 133438, 133442, 133441, 98304

Safety Instructions:

- Do not load the product beyond the recommended capacity. Ensure that the containers are not overloaded.
- Protect the container from direct sunlight and excessive heat to prevent damage or deformation.
- Smaller children should be used under supervision. Protect from children when using small parts.
- Do not fill beyond the permissible weight limit to avoid tipping over.
- Regularly check the stability and safety when stacking the containers.
- Risk of falling over or becoming trapped if filled containers are stacked incorrectly.
- Not suitable for the transport of hazardous substances.
- Include safety information in understandable language.
