Safety Instructions:

- Do not exceed the maximum load capacity of 50 kg.
- Ensure that the stepless height adjustment functions correctly and is handled with care to avoid crushing and injury.
- The product could tip over if used incorrectly - secure installation and a stable base are required.
- Replace damaged parts immediately and contact the manufacturer or seller in the event of visible damage in order to avoid injury.
- Check the stability of the Treston SH 180 before use and ensure that the height adjustment is correct.
- Avoid sharp objects in the vicinity to prevent scratches on the chipboard.
- The product is not suitable for children under 14 years of age; children should not be left unattended in the vicinity.
- Keep the working environment clean and free of obstacles.
