Article Number: 67096

Safety Instructions:

- Please note that the mains adapter must not be used in areas with high humidity or temperatures above 40 degrees Celsius.
- Use only with the specified DYMO devices (e.g. DYMO 1000, 2000) in accordance with the operating instructions.
- Always switch off the appliance and disconnect the mains adapter before carrying out repairs or maintenance work.
- Ensure that the mains adapter is not damaged; do not use it if the cable or housing is defective.
- Keep the mains adapter away from water-bearing appliances and containers to avoid electric shocks.
