Article Numbers: 94157, 94124, 94126, 94125

Safety Instructions:

- Ensure that small parts are stored to avoid the risk of suffocation.
- Store in a childproof place to avoid the risk of choking or injury to small children.
- There is a risk of injury from sharp edges or corners if handled incorrectly.
- Protect from direct sunlight to prevent material degradation.
- Do not store near heat sources to avoid deformation.
- Avoid products coming into contact with wet or chemical substances to prevent material damage.
- If used incorrectly, there is a risk of injury from falling over or crushing.
- Not suitable for direct contact with food.
- Not suitable for food storage.
- Protect product from extreme temperatures above 100°C.
- Do not store or use above the permissible temperature of +100°C.
- Take care when using in the vicinity of chemical substances.
- Store securely to avoid injury from falling crates.
- Observe the maximum stacking height to avoid unstable constructions.
- Keep children away from waste to avoid the risk of suffocation or injury.
- Keep the open-fronted storage box away from heat sources, as it is temperature-resistant from -20°C to +100°C.
- Avoid use with toxic substances, as use during operation can be dangerous.
- Ensure that the open-fronted storage box is not used in areas where it is exposed to mechanical damage.
