Article Numbers: 90742, 90710, 90709, 90708, 90707

Safety Instructions:

- Observe the maximum load capacity of 300 kg to avoid structural damage or accidents.
- Use the height adjustment facility and follow the manufacturer's instructions to ensure ergonomic working conditions and avoid injuries.
- Do not load beyond the recommended dimensions to prevent damage to the table.
- The product may tip over if used or operated incorrectly, especially at maximum height adjustment or maximum load.
- Check the tabletop for sharp edges before use.
- Ensure that all components are correctly assembled to avoid stability risks and check all parts carefully during assembly.
- Ensure that the table is placed on a stable surface to avoid the risk of it tipping over.
- The table is not suitable for use by children, especially under the age of 12, as there are no special safety features.
- Risk of suffocation due to improper use of small parts or when stacking objects.
- Fire protection risk if the table is used in the vicinity of high temperatures or open flames.
