Article Numbers: 60102, 60101, 60104

Safety Instructions:

- Not suitable for direct contact with food.
- Protect the container from direct sunlight to avoid discolouration.
- Do not exceed the maximum load of 120 kg.
- Ensure that the container is completely dry before use to avoid the risk of slipping when stacking.
- Avoid temperatures outside the recommended range of -40° to +80° C to prevent material damage.
- Do not allow small objects to hang over the container to avoid injury.
- Ensure that the container is stable before stacking to prevent it from falling over.
- Do not use abrasive cleaners for cleaning to avoid damaging the material surface.
- Not suitable for human consumption; health risks may occur if used improperly.
- Do not stack when containers are empty to avoid injuries from falling over.
- Fill in accordance with the following safety instructions in order to avoid overflowing and resulting accidents.
