Article Number: 94285

Safety Instructions:

- Please note the maximum load capacity of 250 kg.
- Ensure that the roller pallet is placed on a stable base.
- Avoid exceeding the maximum stacking height of 1.80 metres.
- Only use the roller pallet for the intended purpose of transporting Euro-size crates.
- Ensure that the area around the roller pallet is free of obstacles to prevent falls.
- Regularly check the functionality of the castors and the stability of the platform.
- The roller pallet is not suitable for use on stairs or uneven surfaces.
