Article Numbers: 98492, 98484, 98447

Safety Instructions:

- Before setting in concrete, ensure that the ground anchor is correctly positioned.
- Observe the safety contact area when inserting the post.
- Wear suitable protective equipment (gloves, safety shoes) during installation.
- The product must not be installed near power lines.
- Regularly check the mounting post for damage or rust.
- Make sure that the mounting post is securely anchored in the ground to prevent it from wobbling or falling over.
- Avoid the risk of injury from sharp edges or ends of the product, especially during handling, and avoid direct skin contact.
- Ensure that suitable tools and protective measures are used when installing the post to prevent breakage or tearing.
- The fixing post must be set in concrete correctly to ensure stability.
- Wear suitable protective clothing when lifting the post to avoid injury.
- Installation should only be carried out by qualified personnel.
- Please read and follow the instructions for use carefully before installation.
