Please note the technical data of the products!

**Article Numbers:** 133086, 128428, 128427, 128376, 128375

## Safety Instructions:

- There is a risk of injury from the container falling over if handled incorrectly. Check the stability and ensure that the lid is fitted correctly to prevent it from tipping over.
- Do not store containers near open flames at low temperatures to avoid the risk of fire.
- Keep the container away from children and ensure that it is only used under adult supervision to avoid improper use.
- Use wheels during transport to minimise the risk of injury. Take care when fully loaded on narrow or slippery surfaces.
- Beware of choking hazard due to small parts, especially not suitable for children under 3 years of age. Avoid improper use of the lid.
- Make sure that the lid is securely fastened during transport to prevent unintentional opening.
- Lift the container using the ergonomic handle to avoid injury.
- Follow the instructions for safe emptying of the container and avoid overfilling to prevent overflowing.
- The container can be emptied completely; be aware of possible dangers when removing the lid.
- Store in a safe place after use to avoid the risk of accidents.
