Article Numbers: 38616, 38615

Safety Instructions:

- Risk of suffocation due to breakable acrylic glass or sharp edges. Handle with care to avoid cutting injuries.
- Observe suspension safety to avoid falling hazards. Regularly check the stability and integrity of the mirror.
- Always use suitable screws and wall plugs during installation. Ensure that the mirror is securely mounted on the wall or ceiling to avoid the risk of falling.
- Do not place near direct sunlight or extreme temperatures.
- The mirror can break if used improperly; protective goggles should therefore be worn during installation.
- Must not be used as a toy; supervision of children is necessary.
- Access to installed mirrors in public buildings may only be gained by authorised personnel.
