Safety Instructions:

- Ensure that the scissor lift truck is only operated by one person.
- Avoid overloading the pallet truck beyond the maximum load capacity of 300 kg.
- Keep a sufficient distance from other people when using the appliance.
- Secure the castors before lifting the pallet truck to prevent it from slipping.
- Only use the pallet truck on level, stable surfaces.
- Regularly check the condition of the pallet truck and brakes to ensure that everything is working properly.
