Safety Instructions:

- Contains small parts and is not suitable for children under 3 years of age as there is a choking hazard.
- The product should be used under adult supervision, especially with younger children.
- Keep the product away from fire, open flames and high temperatures.
- Do not use the product in humid environments to avoid jeopardising the material integrity.
- Check the product for damage before use and ensure that all parts are properly assembled.
- Products should not be used near sources of fire or liquids.
- Burning the product packaging can lead to toxic vapours.
- Not suitable for children under 3 years due to small parts that can be swallowed.
- Products should be used properly to avoid injury.
- The product is suitable for use in offices and educational institutions.
- If you have any questions about product safety, please contact the manufacturer.
- Avoid labelling or printing to prevent health risks.
