Safety Instructions:

- Place the product in a stable position before assembly and during use to prevent it from tipping over.
- Do not set up a monitor or device that is too heavy (over 20 kg). Observe the maximum load capacity of 20 kg to avoid overloading the product.
- Follow the instructions for safe use and care of the acrylic stand to avoid material fatigue.
- Check the anti-slip studs regularly to ensure that they are functioning properly to prevent the monitor from slipping.
- Check the product regularly for cracks or damage to avoid possible safety risks.
- Ensure that no small parts are present during assembly or use that could be accidentally swallowed.
