Safety Instructions:

- Make sure that the standing desk is stable and cannot tip over.
- The maximum load capacity of 100 kg must not be exceeded.
- Regularly check the function of the castors and brake mechanisms to ensure that the standing desk can be moved safely and remains stable.
- Make sure that the drawers of the drawer cabinet are properly closed to prevent them from falling out or tipping over.
- Avoid improper use of the product to prevent injury.
- Ensure that the product is placed on a stable and secure surface to prevent it from tipping over.
- Use a secure locking mechanism for the cabinet and drawers to prevent unintentional opening during use.
- The product is suitable for adults and should not be used as a work surface for children.
- The instructions must be followed exactly during installation in order to avoid safety risks that could result from incorrect installation.
- Choking hazard due to small parts in the vehicle area.
- Risk of falling if the standing desk is handled incorrectly or overloaded.
- Ensure that the product is standing on a stable and level surface.
- Enclose user instructions for correct installation and use.
