Please note the technical data of the products!

Article Numbers: 92849, 92801, 92800

Safety Instructions:

- Observe maximum load capacity: Do not exceed 15 kg.
- Regularly check for cracks or damage to ensure structural integrity.
- Product not suitable for contact with food.
- Observe extreme temperatures from -20 to +100 °C and avoid fluctuations.
- Not suitable for use with flammable or reactive chemicals.
- Keep the product clean to minimise disruptions to conveyor lines.
- If soiled, clean immediately to ensure usability.
- Not suitable for applications with extreme ambient conditions.
- Product not suitable for the storage of hazardous substances without suitable labelling.
- Dangerous if handled improperly; avoid unexpected loads.
- Keep the box out of the reach of small children.
- Smooth interior walls allow easy cleaning; regular inspection recommended.
