Safety Instructions:

- Ensure that the brochure holder is securely attached to the wall to prevent it from falling. Ensure that the wall mounting is carried out correctly.
- Avoid sharp edges or protruding parts that could cause injury. Take care when handling sharp edges of the product during assembly.
- Please note that the product should be used in a dry environment to avoid corrosion. Do not use the product near water sources or humid environments.
- Only use the fastening elements supplied to ensure safety.
- No overloading of the brochure compartments beyond the recommended filling depth of 33 mm.
