Safety Instructions:

- Only use the ladder on firm, stable and level ground.
- Check the ladder for maximum load capacity and mechanical damage before use; do not exceed the maximum load capacity.
- Ensure that the ladder is fully extended and secured.
- Do not use the ladder in bad weather, strong winds or on slippery ground.
- Do not use the ladder as scaffolding or a work platform.
- Do not climb onto the top rungs of the ladder and observe the maximum load in kg.
- Ladder is always at a safe angle with secure hooks and fixtures attached.
- Keep hands free of tools or material while climbing.
- Use only by trained personnel - observe safety instructions and manufacturer's specifications.
- Check regularly for damage or wear, do not use if damaged.
- Wear non-slip shoes to prevent falls.
- Adults should supervise use by children; keep away from children.
- Do not place the ladder near electrical cables.
