Safety Instructions:

- Do not use the envelopes near an open flame and do not store them near sources of fire.
- Store the envelopes in a cool and dry place and keep the product away from moisture to ensure the quality of the paper.
- Beware of paper dust that can be produced when using the envelopes.
- The envelopes should not be stored near chemicals.
- Keep out of the reach of children to avoid the risk of choking on pieces of paper and do not pack the envelopes as toys. They are not suitable for children under 3 years of age, as small parts can be swallowed.
- The product can be damaged by improper use or improper storage.
- Do not use the product for personal consumption and it is not suitable for contact with food.
- Please do not use the envelopes in a printer that is not designed for this type of material.
- Check the packaging for damage before using the product.
- No special safety warnings required as the product has no hazardous properties.
- Provide safety information in a language easily understood by the consumer.
