Article Numbers: 200191, 200190, 106796

Safety Instructions:

- Ensure that the CPU holder is securely fastened under the tabletop to prevent it from falling and causing injury.
- Avoid overloading the holder with CPUs that are too heavy and ensure that it is only used for the specified dimensions.
- Ensure that the height and width adjustment settings are correct and only adjust them when the holder is not connected to a computer.
- Keep the holder away from direct sunlight and moisture to prevent corrosion.
- Do not use the holder if it is damaged or shows signs of wear.
- The product is not suitable for use by children.
- Avoid sharp objects or excessive pressure during installation to prevent damage.
- It is recommended that a second person is called in to assist during installation to avoid accidents.
- Do not place the holder near sources of fire or extreme temperatures.
