### Safety Instructions:

- Ensure that the product is stable to prevent it from tipping over. Place on stable surfaces before use to prevent tipping or falling over. If used outdoors, ensure that it is stable.
- Avoid direct sunlight to preserve the surface coating. The powder coating can be damaged by extreme heat or scratches, which can lead to sharp edges.
- Use suitable cleaning agents to care for the stainless steel surface and avoid scratches. To avoid injury, do not use sharp objects to clean the ashtray.
- Caution: Sharp edges can cause injuries. Caution: The edges of the ashtray can be sharp; be careful when handling.
- Take care when handling the product to avoid the risk of crushing.
- The product is not suitable for children; keep away from children as small parts could be swallowed. Keep the product away from children as it can be potentially dangerous.
- The product is made of metal and may have sharp-edged parts, so there is a risk of injury from cuts.
- Use the product only for its intended purpose to avoid safety risks.
- The use of fire and other flammable materials is only permitted in designated areas in order to avoid fire hazards.
- Caution: Do not leave in the hands of children, as the ashtray is very heavy and can cause injury.
- The ashtray is not suitable for use in strong winds to prevent it from tipping over.
