Article Numbers: 82593, 82592, 82591, 82590, 82286, 82285

Safety Instructions:

- Choking hazard due to small parts. Not suitable for children under 3 years of age.
- Risk of injury due to improper handling. Use the cable ties in accordance with the manufacturer's instructions to avoid injury.
- Store safely to protect children and pets.
- The use of cable ties in electrical installations must take into account the thermal properties and the maximum tensile strength in order to avoid safety risks.
- Make sure that the cable ties do not get into the hands of small children to avoid the risk of choking due to swallowing.
- The cable ties must not be used in the vicinity of heat sources, as this may jeopardise the integrity of the material.
- Only use the cable ties for their intended purpose.
- Longer cable ties should not be used to avoid the risk of strangulation.
- There is a risk of injury from sharp edges due to improper handling.
- Beware of small accessories that can cause choking.
- Do not use the product near fire or high temperatures.
- Check the cable routing regularly to avoid damage.
