Safety Instructions:

- Printing results may vary due to ultragrip technology. Test print recommended.
- Not suitable for contact with food. Not suitable for direct contact with food.
- Keep out of reach of children. Not suitable for children under 3 years of age due to choking hazard from small parts.
- Product may leave residues on surfaces if used improperly. Residue-free removal is only possible on clean, smooth surfaces.
- After printing, ensure that the labels have cooled down completely to prevent fading.
- No risk of adhesive residue on surfaces, as labels can be removed without leaving any residue.
- Observe correct use according to the manufacturer's instructions and printer handling according to the instructions in order to achieve optimum printing results and avoid damage to the printing device.
- Check the compatibility of the labels with your printer before printing.
- Improper handling can lead to paper jams and damage to the printing device.
- Labels are intended for office or household use and should not be considered as toys.
- There is a choking hazard if small parts are swallowed.
- Keep out of the reach of children.
- Do not use the product in the vicinity of children, as small parts can be swallowed.
- Avoid contact with liquids and moisture to prevent damage and adhesion problems with the product.
- Labels should be used for their intended purpose.
- Store the product in a cool, dry place to maintain the print quality.
- Labels are only suitable for short-term applications and cannot withstand fluctuations in temperature and humidity.
- Dispose of the label packaging after use in accordance with local regulations.
