Safety Instructions:

- Ensure that the brochure holder is not used in the vicinity of children in order to avoid injuries or choking hazards due to possible small parts.
- Avoid using the brochure holder in damp environments to minimise the risk of material failure and possible injury.
- Ensure that the brochure holder is mounted properly and stably to prevent it from falling down, tipping over and causing injury.
- Regularly check the condition of the brochure holder for cracks or damage to minimise the risk of injury and avoid sharp edges.
- The product is not suitable for children under 3 years of age as it may contain parts that can be swallowed.
- Avoid overloading the compartments beyond the specified filling depth to prevent brochures from breaking and falling out.
- During installation, do not associate the drill holes with particular risks, such as cracking in the material.
