Safety Instructions:

- Choking hazard due to small parts, especially if used or stored incorrectly. Not suitable for children under 3 years of age.
- Risk of falling due to improper stacking of the chairs. Take care not to exceed the recommended maximum number to avoid injury.
- Ensure that the plastic armrests do not have any sharp edges and do not break under heavy use to prevent injuries.
- Caution: The tabletop can be scratched or damaged if subjected to heavy use. Avoid sharp or pointed objects.
- The cover fabric is made of 100% polyacrylic; avoid direct sunlight to prevent discolouration.
- Ensure that the floor is level to prevent the chair from tipping over.
- The chairs are stackable, make sure you stack them stably to prevent them from tipping over.
- Make sure that the chairs are not overloaded beyond the maximum load to ensure stability.
- The product should be kept away from children as there is no child-friendly safety certification. Children should only use this product under adult supervision.
- The backrest is not intended as a handle or for additional stability to prevent injuries.
- Carry out regular stability checks to avoid tipping over.
- The plastic parts can be damaged by intense heat; do not use the product over a heat source.
- Choking hazard due to sharp edges or corners of the chair and table. Watch out for sharp edges and corners on the product to avoid injury.
- Safety warning for use by small children and pregnant women due to possible risk of falling.
- Note: Materials may cause allergic reactions in sensitive persons.
