Safety Instructions:

- This cabinet is only suitable for the storage of toxic and water-polluting chemicals.
- Ensure that the cabinet is always locked to prevent unauthorised access.
- When storing chemicals, observe the relevant safety data sheets and hazard warnings.
- Use suitable personal protective equipment (e.g. gloves, safety goggles) when handling chemicals.
- When disposing of chemicals, observe the applicable regulations and recycling instructions.
- Check the drip trays regularly for damage or leaks.
- Make sure that the ventilation openings are not blocked.
- Keep the cabinet away from sources of ignition.
