Safety Instructions:

- Ensure that the safety container does not come into contact with chemicals or hazardous substances in order to prevent corrosion.
- Only use the carrying handle and the handle for safe handling of the container to avoid injury.
- Always keep the container out of the reach of children and animals.
- Improper use may result in injury; avoid overloading or improper use.
- Read all instructions and information on the label before use.
- Only operate in a well-ventilated area to avoid health risks from chemicals.
- Take care when handling heavy objects; risk of injury due to improper use.
- When emptying the container, ensure that no residues remain that could be hazardous.
- In the event of a leak, immediately take appropriate measures to eliminate the danger.
