Safety Instructions:

- Ensure that the product instructions for safe use are easy to understand and that hazards due to improper use are avoided.
- Regularly check the stability and castors, as well as the functionality of the telescopic guides and roller runners, to avoid the risk of falling.
- Do not exceed the recommended maximum load to avoid structural damage.
- When using in office environments, pay attention to electrical safety, especially in the vicinity of power sockets.
- Ensure that the trolley is standing on a level surface and use the brakes on the twin swivel castors to prevent it from tipping over.
- Keep the trolley away from hot surfaces and naked flames to avoid the risk of fire.
- Secure heavy objects to prevent them from shifting during movement.
