Safety Instructions:

- Take care not to load the assembly trolley above the maximum permissible load of 600 kg. Overloading can lead to instability and dangerous situations.
- Avoid using the trolley on uneven or slippery surfaces and ensure that it is placed on a stable base to avoid the risk of tipping.
- Secure the swivel castors with the wheel lock to ensure stability during use.
- Keep children and teenagers away from the assembly trolley to reduce the risk of injury.
- Avoid using the product near edges or slopes to minimise the risk of falling and injury.
- Observe the necessary safety precautions when transporting heavy loads.
- May have sharp edges or corners; handle with care.
- The use of suitable protective gloves is recommended to avoid injury.
- The manufacturer's instructions for safe use and maintenance must be observed.
