Article Numbers: 96749, 96747

Safety Instructions:

- Only use the assembly trolley in accordance with the intended applications.
- Ensure that the weight of the loads does not exceed the maximum load capacity of the trolley.
- Regularly check the condition of the wheels and brakes to ensure safe operation.
- Keep the working environment free of obstacles to avoid the risk of tripping and accidents.
- Ensure that the risk of tipping over is minimised when transporting heavy loads.
- Pay attention to your safety when lifting and moving heavy loads. Avoid sudden movements or lifting with one hand to prevent injuries.
- Ensure that the wheel locks are active when using the assembly trolley.
- Carry out regular inspections of the castors and the entire structure to ensure that they are in good condition.
