Article Numbers: 91960, 91959

Safety Instructions:

- Keep your distance from welding work to prevent injuries.
- Wear suitable personal protective equipment and face protection to protect yourself from UV radiation and sparks.
- Avoid touching the film curtain during the welding process and check regularly for cracks or damage.
- Ensure that the film curtain is correctly installed and tensioned to ensure protection, and if the film is damaged, stop use immediately and replace the film.
- Only use the welding protection screen for its intended purpose, in accordance with the manufacturer's instructions, and only use it in suitable areas to avoid unwanted glare or radiation.
- Please ensure that the wall is stable and securely installed to prevent it from tipping over.
