Safety Instructions:

- Safety device is automatically locked during cutting to prevent cutting injuries.
- Increased risk of injury due to improper use, users should receive appropriate training.
- Use only with suitable material; do not use beyond the specified cutting height.
- Suitable for use in offices, with sufficient space for safe operation of the machine.
- Additional safety thanks to the patented quick-release lever and blade lock.
- When carrying out maintenance or repair work, ensure that the appliance is disconnected from the power supply.
