E-Mail: info@treyer.com

Please note the technical data of the products!

Article Number: 97670

Safety Instructions:

- When lifting or moving the pallet, please ensure that the load capacity of 1500 kg is not exceeded.
- The pallet should always be used on a level and stable surface to prevent it from tipping over.
- Avoid direct contact with the pallet if there is any damage or cracks that could affect its stability.
- The pallet is made of wood, so it should be protected from moisture to prevent warping or mould growth.
- Ensure that personal protective equipment, such as gloves, is worn when using the pallet to avoid injury.
